CAN CONGRESS BE MOVED?

A CANVASS OF THE HOUSE THAT IS NOT ENCOURAGING.

STRONG DEMOCRATIC OPPOSITION SHOWN TO THE REPEAL OF THE SILVER PURCHASE LAW.

[BY TELEGRAPH TO THE TRIBUNE.] Washington, June 8.-The House of Representatives which is to assemble in September will consist of 356 members, if the vacancy in one of the Wisconsin dismembers, if the vacants that time, and the different tricts be filled prior to that time, and the different parties will be represented as follows: Republicans, 127; Democrats, 217; Independents and Populists, twelve; giving the Democrats a majority of seventyeight over all. Administration Representatives, as well as Administration newspapers, are already pro-claiming that the Silver Purchase law will be promptly claiming that the control of the con same thing four months ago, when the Democrats had a majority of nearly 150 in the House of Repesentatives, and Mr. Cleveland and his supporters rere exerting all their influence and powers of per uasion to induce the Democratic majority in that body to do what the one which is to assemble within the next three months is expected to do.

Administration Democrats in Washington who did not take the trouble to analyze a telegraphic news-paper canvass of the House of Representatives which was published in "The New-York World" to-day, apeared to derive considerable encouragement from it those who did so were not inclined to be cheer ful over the showing when they discovered that only sixty of the Congressmen who responded favor un itional repeal, and that only twenty-two of then are Democrats, while twenty-four Democrats favor with a substitute providing either for free or ited columne: one favors "conditional repeal," and ar are opposed to repeal. Another discouraging eature of the canvass was that only twenty-four rats of the 120 who represent its in the States which compose "Solid South" responded to the question, and of them only six, exactly one-fourth, favor unconditional repeal of the Silver Purchase act States-Delaware, Florida, Arkansas, Lousiana and West Virginia-are not represented in

the six Democrats from Maryland, two re -both in favor of unconditional repeal. Of ten Virginia Democrats, seven were silent, and three favored repeal, with the restoration of the Bland ng better." Of the eight North Carolina Democrats, four replied—one for repeal and three for repeal on conditions like those mentioned by the Virginians. Of the six South Carolina Democrats, three were slient and three opposed to repeal. Mr. dcCreary was the only Kentucky Democrat who reolled, and he seems to favor a "compromise repeal." Only one of the eleven Georgia Democrats-and he a new member-responded. He apparently favors un-conditional repeal. Of the thirteen Texas Democrats, only two replied, and both of them favor repeal with rovisions for silver coinage.

Replies from only five of the twenty-one New-York crats were received, all in favor of unconditional peal. Of the eleven Ohio Democrats, three replied-to in favor of straight repeal and one for repeal with a proper substitute," Of the ten Indiana Demorats, not one replied, and only one of the eleven Illinois Democrats responded. He favors uncondi-tional repeal. Of the five Michigan Democrats, the only one who replied favors repeal, but wants silver olnage resumed. Of two Minnesota Democrats, one avors absolute repeal and the other wants a freecoinage substitute. Both of the Nebraska Populists one Democrat from that State favor repea

coupled with free coinage. Another feature of the canvass which excites son mment is the non-appearance of the names of arly all the Democrats who are regarded as leads or men of influence in their party in the House. the missing names are those of Oates, of Ala-Breckinridge and McRea, of Arkansas; Crisp, Livingston, Turner and Lester, of Georgia; Springer, Forman and Williams, of Illinois; Holman, Bynum and Brown, of Indiana; Hayes, of Iowa; Breckinridge, Montgomery and Stone, of Kentucky; Blanchard, Boatner and Price, of Louisiana; Rayner and Compton, of Maryland; Chipman and Whiting, of Michigan; Bland, Hatch, Dockery and Heard, of Missouri; Cockran, Fellows, Cummings, Warner and Coombs, of New-York; Outhwaite, of Ohio; McMillin chardson, of Tennessee; Culberson, of Texas; O'Ferrall and Wise, of Virginia, and a number of

other men of more or less prominence in their party.

The several features mentioned clearly show that the Democratic party in the next House of Repre sentatives will be as badly at sea as it was in the that the Administration can carry any measure of sound finance through that body except with the aid of Republican votes. Those votes could have been depended on in April as surely as they can be in tember, and President Cleveland knew it.

Republican Representatives who responded was more than 36 per cent of the entire Republican memberthan 36 per cent of the entire Republican membership, while less than 23 per cent of the Democratic membership sent replies. Of the forty-six Republicans who responded, thirty-eight favor unconditional repeal of the Silver Purchase law, three favor repeal with a free coinage substitute, and five favor conditional repeal. Among the last mentioned are Messrs. Ray, Wever and Daniels, of New-York, all of whom are known to be strongly in favor of honest money, so that at the worst the Republican tally stands forty-one against five in a total of forty-six.

Among the Administration Democrats who are confident of the repeal of the Silver law without conditions or compromise is Mr. Tracey, of New-York, who was equally sure of it four months ago at a time when it was found impossible to have the repeal even considered by the Democratic majority in the House of Representatives. Mr. Tracey to day said the simple proposition to repeal will have a large majority in the House, and that there are forty-five votes for it in the Senate. He believed that there would be strength enough to vote down any attempt on the part of the silver men to secure the substitution of the old Bland act or any other measure reducing the amount of monthly silver coinage from its present figure, and he also gave it as his opinion that the proposed repeal of the 10 per cent tax on the circulation of State banks would fall of passage.

Senator Jones, of Arkansas, took an entirely different view from that entertained by Mr. Tracey. "The Sherman law can never be repealed in the Senate unless some other measure looking to the coinage of silver is substituted," he said. "I am opposed to the Sherman law and spoke and voted against it, but I would not vote for its repeal unless some other legislation was enacted favorable to silver. I would be willing to have the old Bland Act re-enacted, or some measure like it, and would support the repeal of the present law with that compromise attached." less than 23 per cent of the Democratic

A man well posted in South American affairs, however, told the reporter that the probable reason for the resignation of the old Cabinet was dissensions among the members over internal affairs. surrection of some considerable dimensions has pr vailed for weeks in the provinces of Corrientes and Entre Rios, which one member of the Cabinet, if not more, supported. There had been serious fighting between the Government troops and the insurgents intil about a month ago, he said, since which time he had not heard of any conflicts. What the status of the insurrection was now he could not say, but he was inclined to believe that it had been suppressed, and that out of the trouble had come the necessity of choosing a new Cabinet. The financial reverses of several years ago had, in his opinion, nothing to do with the change. The country was now measurably recovered from the effects of the depression which led primarily to the failure of the great firm of Baring Bros., London.

REFORM" IN THE CONSULAR SERVICE AD-

VANCED-THREE NEW-YORKERS APPOINTED. Washington, June 8 (Special).-With the invaluable aid of Josiah Quincy and a number of Democratic Senators and Representatives President Cleveland today made another swift sport toward the goal of "reform" in the consular service. He removed two consuls-general and eighteen consuls in order to make at the same time he disappointed four or five times twenty other Democrats who are equally hot and hungry. some of the removals would not have been made if President Cleveland and Mr. Quincy had not forgotten all about that era of reform which they were to introduce in this branch of the public service. For example, Consui-General Sutton would have been retained at Nuevo Laredo, Mexico, or promoted to a better post, for which he is admirably qualified by ability, long experience and thorough training. There are few, if any, more efficient and intelligent consular officers than he in the service of any country. He Van Leer Polk, of Tennessee, succeeds Consul-General Merrill, at Calcutta. Among the consuls removed t John J. Piatt, of the Dublin consulate, who has had long experience in the service. Jacob T. Child, of Missouri, who distinguished himself as Minister to Siam, at \$5,000 a year, under Mr. Cleveland's last Administration, gets the Hankow consulate at \$3,000 a year. Three of to-day's appointees are New-York men, and two are Michigan men. Don M. Dickinson still seems to possess some influence. Two of the appointees hall from the District of Columbia, and one of them, D. J. Partello, was formerly in the consular

Alexander G. Rosenthal, who was appointed by the President, yesterday, as consul to Leghorn, Italy, is a lawyer, with offices in Temple Court and at No. 70 Essex-st. He was born in Euda-Pesth, Hungary, and was educated at the College of the City of New York. He read law in the office of Randolph Guggen belmer thow of Guggenhelmer & Untermyer, and was graduated from Columbia Law School in 1830. He was an active Republican worker and speaker in the Vth Assembly District until 1890, when, "on tariff issues," he cast his lot with Tammany Hall, and is now a member of the Tammany Committee on Organization in his district. During the Presidential campaign he made speeches in behalf of Mr. Cleveland in the Gorman language, in which he is preficient, as also in Huncarian, French and Italian. He is a tustee of the Houry Street Synagogae, called Shaari Zedek (Gates of Hope), and a member of about twenty different organizations, both Christian and Jewith. He applied for the consulship to Hamburg, and was advocated and indorsed by Representatives Cummings, Dunphy and Campbell, Justice Goldfogle, Register Levy and Surrogate Ransom. His appointment to the consulship at Leghorn was, therefore, a surprise to him. When Mr. Rosenthal went to Washington to solicit his appointment, he was chaperoned by the Hon. Timothy J. Campbell, his political sponsor, who grandiloquently introduced him to the President as, "My friend, Counseller Alexander S. Rosenthal, a first-cabin passenger, and one of the salt of the carth."

NO KNOWLEDGE OF MR. BLOUNT'S RESIGNATION

Washington, June 8.—If Minister Blount has re-signed his office as Minister to Hawaii, as stated in San Francisco dispatch, the fact is not known at the State Department. It is said to be improbable that such a communication would be sent by tele-graph, and the Hawalian mail, which arrived at San Francisco on the steamer Australia yesterday, will not reach the State Department before next week. A telegram from Minister Blount was received a few days ago simply stating that he had received his credentials and had taken the oath of office, so that if Mr. Blount has resigned the action will surprise the Department.

DECISIONS BY THE TREASURY DEPARTMENT. Washington, June 8.-An important decision on

and imported labels has been rendered by Assistant Secretary Hamlin of the Treasury Department. Collateral questions were also brought into the case, the contention of domestic manufacturers of printed labels on one side and importers of similar articles on the other, a claim of infringement upon trade marks and copyrights having been set up by the former as well as a charge of violation of Section 6 of the Tariff act, which requires certain imported articles to be marked or stamped with the name of the

country of production.

As regards the latter charge, Assistant Secretar, Hamilin holds that as labels are themselves intended only to be affixed or stamped upon articles which go into consumption, they need not bear the name of the country of production, although the article to which they are so affixed may come under such re

As to the question of trade-mark, Assistant Secre tary Hamilin holds that a mere design for a trade-mark is not entitled to protection as a trade-mark.

SOME UNFORESEEN EMBARRASSMENTS.

SOME UNFORESEEN EMBARRASSMENTS.

THE "OFFENSIVE PARTISANSHIP" POLICY DOES NOT WORK AS SMOOTHLY AS WAS EXPECTED.

Washington, June 8 (Special).—There seems to be a probability that the "offensive partisanship" policy which has been revived by President Cleveland may result in embarrassments which were not foreseen at the time it was proclaimed. Senator Vest, of Missouri, who recently demanded the dismissal of Missouri, who recently demanded the dismissal of Missouri, who recently demanded the dismissal of Missouri in the ground that they are "offensive partisans," has already been editorially reminded by the leading Democratic newspaper of Missouri that only seven years ago he demanded and secured the reinstatement of United States District-Attorney Benton, of that State, a Democrat, who had been suspended by President Cleveland on account of "offensive partisanship." The editor seems to have forgotten that United States District-Attorney Stone, of Pennsylvania, a Republican, who was suspended about the same ground, was superseded by a Democrat, although he had made only two political. Democrat, although he had made only two political green, and had not neglected his official duties, whereas Mr. Penton, who had delivered five or six speeches and had necessarily postered his official speeches and had necessarily postered his official. Democrat, although he had made only two political speeches and had not neglected his official duties. speeches and had necessarily neglected his official duties to some extent, was retained in office. But that all happened too long ago, probably, to be cited as a Democratic precedent.

There are indications, however, that in the opinion of certain Democratic Senators and Representatives

as a Democratic precedent.

There are indications, however, that in the opinion cablet are gullty of the most offensive sort of partisanship. Secretary Morton is accused of trying to control all the appointments for Nebraska in opposition to the other recognized Democratic leaders, and is said to be trying to build up a particular transfer of the property of the property of the property of the property of the Montelair, and is said to be trying to build up a particular transfer of the property of the prop position to the other recognized Democratic leaders, and is said to be trying to build up a personal party in the Stale on the strength of his position. There is a good deal of trouble over the matter locally. Secretary Hoke Smith stands out against the whole Georgia delegation except one Senator, claiming the right to dictate or at least to pass judgment on all the appointments in that State. He is trying to reorganize the party there and the state of the standard of the party there and the standard of t the party there and to be the leader. The Kentucky Country Real Estate Co Le that Secretary Carlisle cares less about their political . future than he does about his own, and that while he inay not be conscious of trying to build up a Carlisle faction in that State, he is doing it all the same. As for New-York, it is known to almost everybody that neither of the Senators and none of the Democratic Representatives, with perhaps three or four exceptions, has been consulted in regard to any of the appointments already made or to be made. In fact, every body expects that all the efforts of Secretary Lamont and Postmaster-General Bissell have been and will be and Postmaster-General Bissell have been and will be exerted to strengthen the Cleveland faction in the Empire State, at the expense of the opposing faction, and Democrats who do not sympathize with those efforts are asking one another: "If this is not offensive partisanship of the worst sort, what is it?" All along the line there is considerable pulling and hauling, and the Democratic statesmen in Congress are using strong language to express their conviction that a man holding office by appointment should not control the patranage of his State over the heads of the elected representatives of the great, free and in dependent officeseeking public.

The Indians, about fifty in numb r, gave chase, and for about three miles, which was accomplished in less than twelve minutes, pursued and pursuers made the most redskins and the walls of the men and women in the coach are difficult to describe. The coach bristled with arrows and they grazed Emery on every side. Several points would have been lost but for the driver's wonderful presence of mind.

The conductor of an ox train was soon reached, who seeing the coach about a mile ahead, corralled his thirty wagons. The brave driver drove his nine pas-sengers into shelter and safety. Ottumwa, Iowa, June 8.—Two masked men held up train No. 12 coming east on the Chicago, Burlington and Quincy road last night at Nedaway, a small station west of Corning. They detached the bag-gage and mail cars and compelled the engineer and fireman to leave their engine, and then ran the engine and two cars down the track a mile. Here they entered the baggage car and asked the baggageman what train it was. Being informed that it was only a passenger train, they said: "We were after the Denver express," and immediately disappeared.
